

MOCK DRILL REPORT

DATE: 2026-04-18

Scenario:	Fire Emergency		
Site / Location:	HQ-01	Time:	13:33
Commander:	EX		

1. EXECUTION METRICS

Evacuation Time:	3 mins	ERT Response:	6 mins
------------------	--------	---------------	--------

2. TEAMS ACTIVATED

☒ Transportation Team	☒ Spill Response Team	☒ Fire Fighting Team	☒ Evacuation Team
☒ Medical Emergency Team	☒ Security	☒ Public Relation	

3. PROCEDURAL EXECUTION CHECKLIST

Status	Protocol Item
PASS	Activate manual call point / sound alarm.
PASS	Evacuate via nearest safe exit.
PASS	Check doors for heat before opening.
PASS	Stay low if smoke is present.
PASS	Proceed to Assembly Point.
PASS	Perform head count/roll call.
Overall Protocol Score: 100%	

4. CHRONOLOGICAL ACTION LOG

Time	Action Taken	Observation / Note
10:02	Alarm activated and evacuation call issued across the warehouse.	Personnel moved promptly toward the assembly point.
10:05	Roll call completed and one delayed response identified.	Delayed response traced to beacon confusion at bay three.

5. DEBRIEF & CAPA PLAN

Headcount Recorded: 47

Debrief Notes:

Evacuation completed within target, but the beacon and voice instruction sequence needs better reinforcement for bay three operators. Emergency drill tutorial reference VID-DRILL-1776499337938

Action Required (CAPA)	Owner	Due Date
Emergency evacuation training refresher required for fire team response and headcount discipline 1776499337938	EX	2026-04-20
